 Plaintiff

Case No 1:16-CV-667

Honorable Robert Holmes Bell

GEO Group Inc, et al

Defendants

Motion to reconsider the opinion on the dismissal of GEO, Warden Cherry, Chief  
 Mardow and the medical department

Now comes Bernard Carter, Pro se, requesting that the Judge will reconsider  
 the dismissal against GEO Group, Warden <sup>RIP</sup> Cherry, Chief of Security Mardow,  
 and the North Lake Corr. Medical department

① GEO Group: they are responsible because they are suppose to be over seeing  
 all of these employees. In this case if the supervised this staff member then  
 should not have harassment me for 8 months. So she keep victimizing me for months.

② Warden Cherry: is more responsible, because he was actually the one that was  
 at the facility and very rarely did you see him. If he would have been  
 out checking his state this could have been prevented with his lack of  
 not doing nothing. Let to keep going.

3. Chief of Security Naidow, has played a big part in of this investigation what lead me being pulled in seg and defendant Belahoury being terminated. Defendant Belahoury wrote a report stating that we were never there and to check them of course she did but didn't tell me. Otherwise less that was not true. She checked the camera but didn't, <sup>didn't</sup> tell me <sup>what</sup> she saw on them as well. She wrote the report & behave as because she wanted to get me locked up. Once it was in investigation they found that it was something, but Naidow didn't want to hear nothing & said I wasn't full & see the procs. Staff and they told me that every thing that I ~~be~~ said was accurate. These are the reason why ~~be~~ this shouldn't ~~invest~~ <sup>invest</sup> investigator. Then when I am in seg I ask when I was getting he was always so heavy. For these reason I feel that it should be ~~it~~ ~~turned~~ reversed. The people, staff, are the ones to get me out of seg, otherwise I ~~wasn't~~ His case should be brought back up.

Plaintiff complains for not giving my information on this, the medical department, which I didn't not reversing to them all just some. Dr. Yarger is the supervisor there for Teresa Belahoury, he was responsible on what she did every day, which would. He was most of the time - the medical department as well, I was talking to name of the ~~Pro~~ Provider, that is what I am also looking at.

Plaintiff, prays that the judge will ~~rule~~ <sup>RUI</sup> in my favor.

Thank You For Time  
Bernard
